Hello to you all,

I had the privilege of meeting Sully just after I retired from the Army and returned to Cd'A. I met him at the first Shrine event I attended after getting home. Sully was my inspiration in deciding to "go through the chairs" of the Shrine to ultimately become a Potentate like he was. During those years, I would receive a note periodically, with Sully just checking in, telling me I was doing a good job, offering encouragement, and when my father died, some warm memories of their times together were a comforting subject too. I loved getting them all!

I pray that Sully and my dad are having a big laugh and an adult beverage as I write this.

I share your loss.

Bill Hamilton, Past Potentate, Calam Shriners
