

Darlene -

Just a note to tell you how sorry we were to hear about Sully. He was always special in my life. He was in Jaycees with my Dad (Randy) & they were such good friends for many years.

When I worked at Idaho Dept. Store it was a daily thing for Sully to take an afternoon walk & he'd walk in the shoe dept. door, come to the jewelry counter, give me a big hug, tell me a joke, give me another hug & walk out the jewelry dept. door. Didn't matter if I had a customer or not. When the store closed his visits were what I missed the most. He always had a smile & a joke.

I know he loved being over there with you but we sure missed him here.

Please know our thoughts & are with you & your family.
