Subject: Sully

To the Sullivan Family,

Although I never had the pleasure of meeting Sully, I have been the recipient of many letters and comics sent to me by him over the years. I would always share them and the comics with Tony and Phil and we all enjoyed them. In fact, I found two of his letters dated June 3rd and July 14th, 2010 tucked away in a file I keep just for things like this. His handwritten letters were generally congratulatory in nature for something I had been involved with in our community. He never failed to update me on his and Dee's health, his home at Canyon Lakes and his involvement with Kiwanis Club. He also kept track of my family in the Tri City area and forwarded news stories he saw in the Tri City Herald. For a man I never met, he seemed to know and care a lot about me and my family. I always looked forward to attempting to decipher his long hand.

Sully was a true gentleman from a past generation who understood the impact a short letter can make in someone's life. I will truly miss his letters and will always remember him fondly. Please accept my sincere condolences.

Sincerely,

Joe Hall
